

TRANSGENDER EQUALITY SEEKS
TO CREATE A FLORIDA WHERE ALL
TRANS, NONBINARY, AND INTERSEX
INDIVIDUALS CAN LIVE SAFELY AND
HAVE ACCESS TO THE NECESSARY
CARE FOR THEM TO
HAVE THE BEST QUALITY OF LIFE.

Our vision is to create a longstanding,
community-driven, ecosystem that allows
intersecting organizations and leaders to
pour into the development and protection of
the Transgender and nonbinary community.

Our Transgender Equality department was
launched with three broad objectives:

- 1 To build and grow 5 core pillars to support
the Transgender community: community
education, information & resource sharing,
healthcare, funding, and housing.
- 2 To connect, uplift and assist Trans-led
organizations to reach their communities,
achieve their goals, and provide a platform
to share their stories.
- 3 To fight against anti-Trans policy and
protect the rights of Transgender and
nonbinary individuals.

STRENGTHENING TRANS *Communities*

By fostering statewide collaboration and engaging in
public action, we strive to amplify Trans voices, combat
misinformation, and advocate for lasting protections.
We achieve this through grassroots efforts and events
such as:

The Florida Voices for Change
convening is our statewide approach
to bringing key Transgender leaders together to discuss
the state of the Trans community in Florida. During this
annual convening we share successful campaigns and
initiatives, collaborate with other Trans-led organizations
to build trust, and develop actionable plans to improve
the quality of life for Transgender Floridians.

Each year we organize the Let
Us Live March, bringing together
Transgender individuals and allies
from across Florida to the State Capitol to highlight the
urgent need for safety, dignity, and healthcare access
for all Transgender people. By gathering Trans people
and allies at the Capitol, the march connects the fight
against stigma and misinformation with broader efforts
to secure protections and affirming healthcare.

Unifying the Community
**THROUGH CONNECTION &
COLLABORATION ACROSS FLORIDA**

OUR MEASURE OF *Success*

We focus our efforts on ensuring Transgender leaders across Florida are well supported, resourced, and connected. By empowering our Transgender leaders, who are the experts in their communities, we know that all Transgender Floridians will have better access to the supports that are necessary to thrive including; safety, housing, employment and healthcare.

HOW WE TAKE *Action*

Empower Transgender Floridians to make their voices heard through actions such as press conferences, op-eds, rallies, marches, and speaking with local lawmakers.

Collaborate and strategize with Trans-led organizations, to support their efforts around fundraising, visibility, resource development, and advocacy.

Raise awareness to the unique needs of the Trans community, along with the harms being levied against us.

Conduct culturally competent professional development, to improve the systems of care available to Transgender Floridians.

Connect parents of Transgender youth to the tools and resources to ensure they have access to safe schools, happy homes, and can access quality care.
